Hi Claudia,

I have looked it over and yes, I wrote it. Items 1 (May 1, 2012) and 3 (May 17, 2012) refer to conference calls and have no emails or notes that I made. Items 2 (May 3, 2012) and 4 (May 18, 2012) do refer to E-mails I sent. I will forward you copies tomorrow morning. Item 5 (May 23, 2012) refers to a letter from Ramona Trovato to Chesapeake and is not my communication.

Sorry for the delay. Busy days lately.

Hi Mike,

Could you look over this document - I believe you sent it to Leigh since Suzanne says it's not from her. It seems to be a description of communications between you and industry. I need to know whether you made it specifically for this FOIA or for something else. Either way, I need copies of the emails it is based on as they would be responsive to the Greenpeace FOIA named above. You can claim them as deliberative and we can try to withhold them but I still need copies.

Let me know if you have any questions. Thanks,

Claudia

Hi Suzanne and Mike,

I recently took over as FOIA coordinator for the HF Study from Leigh DeHaven .

I'm trying to finish the FOIA request named above from Greenpeace . Attached is a document from Mike describing communications between himself and industry from May 1, 2012 and May 23, 2012.

Mike: Could you clarify whether this document was prepared for the FOIA or as part of your personal (perhaps meeting) notes?

Suzanne and Mike : I'm not sure who sent this document to Leigh originally but OGC has determined that a copy of each of these emails needs to be included in the response (if they are deemed not releasable, they should at least be indexed individually).

Could you please send me copies as soon as possible ? Also let me know how much time you spend on this.
